TECHNICAL SKILLS

Mobile: .NET MAUI, Xamarin.Forms, Xamarin.Android, Xamarin.iOS

Languages: C# (Expert), SQL (Advanced),

Architecture: MVVM, Offline-First Design, SOLID

Backend & Data: REST APIs, SQLite, SQL Server, Azure SQL

Tools: Git, Azure DevOps, CI/CD, Visual Studio Code,

Integrations: Bluetooth LE, Push Notifications, Firebase

SENIOR MOBILE DEVELOPER – XAMARIN / .NET MAUI

Senior Mobile Developer with **6+ years of experience** building **enterprise-grade Android & iOS applications** using **Xamarin and .NET MAUI**. Strong expertise in **offline-first architectures, Bluetooth LE integrations, MVVM**, and secure data synchronization. Proven **Senior IC** with end-to-end feature ownership, mentoring experience, and close collaboration with product and backend teams. Actively progressing toward Tech Lead responsibilities.

PROFESSIONAL EXPERIENCE

SDE-2 (Senior Mobile Developer) – Hilti Technology Solutions India Pvt. Ltd. | May 2024 – Present

- Own end-to-end development of **enterprise mobile applications** across Android & iOS
- Designed **offline-first architecture** with background sync for low-connectivity environments
- Integrated **Bluetooth Low Energy (BLE)** with IoT-enabled construction tools
- Built and consumed **REST APIs** for secure backend communication and cloud storage
- Led feature development across multiple releases ensuring stability and scalability
- Conduct **code reviews**, mentor junior developers, and support onboarding
- Collaborate with product, backend, QA, and UX teams
- Manage App Store & Play Store releases

Key Applications: Firestop Selector | Anchor On-Site Plus 3.0 | Volume Calculator

Associate Consultant – Infosys Ltd. | Aug 2022 – Apr 2024

- Developed cross-platform mobile apps using **Xamarin and C#**
- Implemented **database encryption, offline sync, and secure storage**
- Integrated third-party SDKs and optimized performance
- Supported CI/CD pipelines and production deployments

Project: SmartSite (SGRE – Siemens Gamesa) – Offline construction management app with reporting, GPS, and barcode scanning

Xamarin Developer – Optimal Virtual Employee | Dec 2019 – Jul 2022

- Built enterprise mobile apps using **Xamarin.Forms / Android / iOS**
- Applied **MVVM architecture** and clean coding practices
- Integrated REST APIs and backend systems
- Awarded '**Rising Star**' for early ownership and delivery excellence

LEADERSHIP & OWNERSHIP (throughout experiences)

- End-to-end feature ownership from requirement to production
- Regular code reviews focused on performance and best practices
- Mentoring junior developers and supporting team ramp-up
- Act as mobile SME for Xamarin and .NET MAUI

EDUCATION

B.Tech – Computer Science, SRM University, Chennai (2015 – 2019)

AWARDS

Hilti Spot Award – Ownership and multi-release delivery

Infosys Rising Star Award – Exceptional early-career performance
